

WRPC Check-In Statement Form

Today's date: _____

Describe your Care Receiver's current primary need or problem.

Has your Care Receiver's circumstances changed since your last report? If so, has the change altered the way you deliver your care? If so, in what way?

In your opinion, what does your Care Receiver need most from the Stephen Ministry relationship? What does your *Care Receiver* think is the biggest need? Are there any significant differences between the two?

Do you have any new process-oriented goals, and if so, what are they?

Do you have any new notable attributes of the relationship to share with us, positive or negative?

Has there been *anything* at all in the relationship that has prompted concerns or questions? If so, what is it?

What is your biggest prayer concern - can be about the relationship, the Care Receiver, or yourself.
